## REINVENT YOUR LOTTERY REINVIGORATE YOUR PLAYERS RETHINK YOUR FUTURE

Results from 2,319 survey respondents. Percent of Lottery Players that like a game offering letters, numbers and characters versus just numbers. By age and gender.

## FAST ADOPTION—FASTER RESULTS— FATTER RETURNS

Our novel new games will not only attract new players, but will reenergize your current base. Current lottery players show a strong preference for a game including letters, characters as well as number over the traditional numbered games.

How are all of the Twitter users communicating?

Who are going to be your new players?

Look at these results—they show an amazing zeal for this new game. Get on board, contact your vendor to find out how you can join the revolution.

Our survey results reminded me of Sally Fields accepting her academy award in 1985, when she said...."you like me."

We love the fact that so many of our survey respondents like it as well. It makes us wonder why has it taken this long?

We hope you'll be the first groundbreaking lottery to give your players a new choice.
